Full stack software engineer with 7 years of experience in sales, management, customer service, and operations. With a background in the hospitality industry, I bring the necessary soft skills to work in a collaborative environment, especially in pair programming. I enjoy creating dynamic web applications by writing clean, readable code. Experienced in Ruby and JavaScript frameworks.

## Technical Skills

**Languages:** JavaScript, Ruby, HTML, CSS, SQL

**Frameworks/Libraries:** React, Redux, Ruby on Rails

**Database Management:** PostgreSQL, SQLite

**Other:** Git, GitHub, Webpack, Semantic UI

## Technical Projects

**Wednesday** - [GitHub \(Frontend\)](#) | [GitHub \(Backend\)](#) | [Live Site](#)

*Collaboration and chatting application based on Slack*

- Created a Rails API backend to control database management and utilized React, Redux, and React Router to control frontend and user experience.
- Enabled user authorization and authentication with JSON Web Tokens and local storage
- Implemented Websockets via ActionCable to enable real time chat between users
- Applied Semantic React UI and custom CSS for styling

**GrumpyBird** - [GitHub](#) | [Live Site](#)

*Flappy Bird inspired clone created with HTML, Javascript, and Canvas*

- Created game structure and gameplay with Vanilla JavaScript and Object Oriented Programming
- Utilized Webpack to load JavaScript and bundle scripts
- Rendered components (bird, background, pipes) using HTML5 Canvas
- Created collision detection algorithm between bird and pipe to account for scores and game over

## Professional Experience

**Lenwich**, New York, NY

09/2016 - 06/2019

Senior Catering Sales Coordinator

- Monitored daily catering operations for 18 locations, supervised 30+ general managers, and sustained yearly catering sales of \$3M+
- Generated cold call leads and exceeded monthly catering sales by 10%
- Attained the largest sale in company history (\$100K+), which resulted in a 10% increase in sales.

**Lenwich**, New York, NY

01/2012 - 09/2016

General Manager Candidate, Shift Supervisor

- Supervised and trained a staff of 20+ per shift for top location with weekly sales of \$70K+
- Mentored staff on best customer service practices, increasing sales by 7%
- Developed daily sales reports to send to headquarter

**Weiss-Rohlig**, Cranford, NJ

10/2015 - 01/2016

Operations Intern

- Assisted the key accounts department with sales totaling to 1/3 of the branch
- Managed air and sea customs clearance process
- Tracked and monitored key accounts shipments

## Education

**Flatiron School**, New York, NY
